*A Complete Solution for School Management*

# E - School Zone Software

- School is an organization where education is given to the students to make them capable for the battle of life and to make them learn on their own and teach one another.
- Prime duty of the teachers and staff members to plan and act for the welfare of the students.
- For this purpose, they need ample amount of time. If they get free from other work like data management especially if they are doing manually , they can think and work for the progress of school and students.
- To fulfill this purpose, we have a software especially for school which will save lots of time of teachers and staff.
- In this software, we can plan our own fees structure, we can manage all the enquires and admission , generate fee reports and other necessary reports.
- We can manage library and all its functions in this software.
- SMS facility is also an attractive feature of this software through which we can send all kind of information to students and parents.

# Benefits

# Need of Software In a School

- A school's business culture is totally different from other trades. Unlike, in other trades the businessmen purchase some goods, display in his shop and sell to customer on some profit . Accounting means to them simply sale and purchase. But, in case of school, it is not true. Money circulation in school depends on fees collection. Fees is collected under different heads viz. Admission Fees, Tuition Fees, Annual Charges, Sports Fees, Computer Fees, Smart Class Fees, Library Fees, Newspaper Fees, Amalgamated Funds, Building Funds, Development Charges etc.
- Fees to be collected under these heads becomes due towards student at different intervals. For eg. Admission Fees is to be collected only once at the time of admission. Annual Charges, Amalgamated Funds, Development Charges are collected once in a year. Computer Fees , Tuition Fees, Sports Fees, Library Fees are collected every month or bimonthly. At any point of time we may need to check how much fees is collected under a particular head e.g. "Tuition fees".
- In a school, there are various classes from Pre-Nursery to 12th. Every class has number of students. Some students belong to General category or SC, BC or staff children. A school needs to create their fee structure on the basis of class and category. for example "Tuition Fee" from class 2nd is 500 From General Category, 300 From SC/BC category; From 3rd Class "Tuition Fee" is 600 (General Category), 400(SC/BC) category etc.

# SELECTING TRANSPORT MONTHS FOR STUDENTS

- In this when we select yes in transport service then a new window is opened to select month for which you want transport service.

The screenshot displays the 'Edit Admission Form' interface in the Eschool Zone system. The top navigation bar includes the Eschool Zone logo and various menu items like STUDENT, STAFF, FEES, ACCOUNTS, ATTENDANCE, TRANSPORT, EXAMINATION, TIMETABLE, WEB CONTENT, SETTING, and LOG OUT. The main content area is titled 'Edit Admission Form' and shows a 'Student Admission Edit' breadcrumb. The form fields are as follows:

- Admission Type: New
- \*Admission No.: 1
- \*Student Name: RAM
- \*Class: 1st
- Section: A
- Roll No: 1
- Transport: Yes
- \*Discount Category: General
- Mobile: 9991511305
- Caste: General
- \*Gender: Male
- \*DOB: 22-01-2016

A 'Student Photo' is visible on the right. Below the main form, there are tabs for 'Basic Detail', 'Other Detail', 'Subject Detail', 'Fee Setting', and 'Transport Setting'. The 'Transport Setting' tab is active, showing a table of installment details:

*Stopage	*Route Name	Installment	Amount (RS)	Total Amount (RS)	*Bus No
Barnala Road	Select Route Name	<input checked="" type="checkbox"/> Apr-Jun	1000	4000	1
		<input checked="" type="checkbox"/> Jul-Sep	1000		
		<input checked="" type="checkbox"/> Oct-Dec	1000		
		<input checked="" type="checkbox"/> Jan-Mar	1000		

A note at the bottom of the table states: '\* disable checkbox means installment already paid.' A 'Submit' button is located at the bottom right of the form.

# Fee Collection

- ❑ The main area of concern in every school is fees collection. Fees management should be done properly and all the accounts should be maintained accurately. Let's see how to make fees receipt entry in this software.

# ATTENDANCE MANAGER

There is a facility of Attendance Manager also in school software wherein attendance of students is recorded like how many students are present, absent or on leave. Manual attendance record has been converted to digital.

- Click on Attendance in Entries menu. Attendance Manager window will be opened. We can see daily attendance of all the students class wise. We can take the printout and see the summary of the attendance also.
- To mark the attendance, click on New button. Select Date, Class, Section and click OK.
- Mark the attendance of the students and click on Save button to save the entries.
- We can send SMS to the parents if the student is present or absent.
- We can see the attendance Report of the particular student by clicking on Summary button on Attendance Manager window.

# Examination

It is most essential to gauge the performance of every individual student and examinations pose the best and most ideal opportunity to do so. The school may determine the progress of every student in different respects and hence makes it very important. Our module is highly user-friendly and is highly compatible with CBSE, HBSE, PSEB, and ICSE Boards. The concerned authorities at the school may enter marks, grades, and remarks.

Moreover, the school may generate and print customized Report Cards as per their requirements. Moreover, the Report Cards can be published online and on Mobile Application. The school may extract Teachers' Performance Report and can help the school to carry out Graphical and Range Analysis as well.
